Judge Petitt made a decision last week, in an important case on a bill of exchange, at Lafayette, which, if sustained as law, will have a material effect on the exchange business of our banks and bankers .-The case was founded upon a bill of exchange drawn and accepted by parties in Toledo and discounted by bankers in Lafayette, for the accommodation of the holder at a considerable shave, the holder's endorsement being required to the bill, as a condition of its being taken. The bill was not paid at maturity; the bankers came back on the endorser for payment, who set up the plea of usury in years." defence. The Judge charged that the fact that the plaintiff required the endorsement of the holder of the bill-now the defendant money to him, and not a sale of the bill, and consequently usurious, if more than six per from fully repairing the ravages of inflammation, and cent was taken, and that they could not in any event find for the plaintiffs for a greater sum than the amount paid by them upon the bill, when they received it, and also that a verdiet must be rendered against the plaintitls for costs .- The result of the trial was a verdict for the plaintiffs for the amount advanced by them upon the bill, without any Interest whatever, and against them for costs

The Washington Star states that the friends of President Buchanan, headed by Gen. Pierce, have opened a subscription for the American Colonization Society, which as soon as it feaches \$1,000, will entitle Mr. Buchanan to a certificate of honor as a life director of the society. Mr. Pierce subscribed \$100 towards the object.

SECRETARY OF LEGATION TO PRUSSIA .- It is now generally regarded as a "fixed fact" that Gov. Wright is to go to Prussia as min-ister. Theodore E. DANGEROUS COUNTERPEIT .- A counterfeit \$1 note on the Bank of Kentucky, payable at Danville, is in circulation. It is of the new plate, and calculated to deceive; the coarsness of the paper and the roughness of the engraving, however, will enable an eye at all practical to detect it.

OIL OF GIN, Converts the poorest Whisky to Holland Gin, Schnei dam Schnapps, Rose Gin, Swan Gin, English Gin, &c LACOUR'S CONCENTRATED ACID. Will, in five hours after being mixel, change five gallons of good Vinegar and twenty-five gallons of water to thirty gallons of the most acid Vinegar that can be found in the market. By the use of Lacour's Concentrated Acid, Vinegar can be made for one dollar and sixty cents per barrel. FOR MAKING LIQUORS.

FOR MAKING LIQUORS,

Lacour's Oils require no preparation—only pour the Oil into the Whisky, and shake well. The Liquors thus made will have a true natural aroma, a full, rich, oily taste; a beautiful transparent color and a fine bead. Lacour's Oils exert three distinct properties inconverting common Whisky to Brandy, Gin, &c. The first property combines with and subsides in the form of faculent particles the whole of the grain oil, (Amylic Alcohol.) The Whisky is thus depressed of that peculiar irritating and burning taste, and becomes a neutral spirit. The second property consists in an oily muciliaginous taste imparted to the liquor, which renders it mellow; and imparts an appearance of great age. The third property is exhibited in the rich vinous nuity odor that is imparted to the liquor, which renders distinction from the genuine brands impossible.

These Oils are put up in quart flasks; each flask contains sufficient oil for making three hundred gallons of liquor. Full and comprehensive directions accompany the bottles.

PRICE, \$2 PER BOTTLE. One bottle of these oils, five in number, will be securely packed and shipped, with bill of lading, to any part of the country, upon the receipt of ten dollars, in the address of P. LACOUR, New Orleans.

Purchasers are requested, as a guarantee of good faith, to furnish us the name of sny house in New Orleans, and we will ship them a package of the Oils. If they do not perform all that is claimed for them, they will cost nothing.
